I personally want to thank you for your donation. The Special Olympic State Games is a wonderful event that takes a lot of dedication and work to make happen. I hope this event keeps getting better and better every year because the experience is truly what makes golf such a wonderful and exceptional game. I thought the idea of Kaboomin' Birdies for Special Olympics would be a fun way to help a great cause that has a particular place in my heart, as well as a unique way to follow my 2013 LPGA season. Again I sincerely thank you for your support.
